### **41.1 POLICY FOR CANADIAN SUPPORT**

Arrangement in the form of an Exchange of Notes between the Government of Canada and the Government of the United States of America

Dated May 7, 1982

Excellency,

I have the honor to refer to recent discussions between officials of our two Governments on the question of the provision of mutual assistance in fighting forest fires.

I have the honor to propose the conclusion of an arrangement on this matter on the following lines:

- (a) On the part of Canada the departments and/or agencies participating in this arrangement will be those listed in the Annex to this Note. On the part of the United States of America the participating departments will be the Department of Agriculture and the Department of the Interior of the United States acting for the following Federal Agencies: Forest Service, Bureau of Land Management, National Park Service, Bureau of Indian Affairs and the Fish and Wildlife Service.
- (b) Participating Departments and agencies in Canada or the United States are authorized to request and to receive forest fire fighting assistance from participating departments or agencies in the other country.
- (c) Requests for fire fighting assistance may be made by written communication or through rapid communication methods between the parties. If the request is made by other than written communication, it shall be confirmed in writing as soon as practical after the request.

Written requests shall provide an itemization of services and/or facilities needed together with an undertaking to make reimbursement in accordance with paragraphs (g) and (h). Each such request should be signed by an authorized official as designated in paragraph (e) below.

- (d) The responsible Government of the requesting party shall reimburse the responsible Government of the aiding party in accordance with paragraphs (g) and (h). It is understood that reimbursement shall be made within one hundred and twenty days or four months after the receipt by the requesting party of an itemized statement of such costs.
- (e) On the conclusion of this arrangement and by January 15 annually thereafter the participating departments and agencies will exchange with each other the names of officials designated to request and/or provide services under this arrangement. In accordance with the cooperative nature of this arrangement it shall be permissible and desirable for the parties to exchange recommendations and suggestions designed to render more effective operational procedures to be followed in requesting assistance and reimbursing expenses.
- (f) Personnel and facilities of the aiding party made available to the requesting party shall at all times remain under the direct control and direction of the aiding party. The activities of the personnel and facilities of the aiding party should be coordinated by the requesting party with the activities of the personnel and facilities of the requesting party, in order to achieve the maximum possible effectiveness and efficiency.
- (g) Any party rendering aid pursuant to this arrangement shall be reimbursed by the responsible Government of the party receiving such aid for the cost of any damage to, loss of or expense incurred in the operation of any facility answering a request for aid (except where such loss, damage or expense is the result of negligence on the part of the operator or from deliberate acts of misuse) and for the cost of all materials, transportation, wages, salaries, and maintenance of employees and equipment incurred in connection with such request.

- (h) Any party rendering aid pursuant to this arrangement shall be reimbursed by the responsible Government of the party receiving such aid for the cost of payment of compensation and death benefits disbursed to injured employees and the dependents or representatives of deceased employees in the event such employees sustain injuries or are killed while rendering aid pursuant to this arrangement, provided that such payments are made in the same manner and on the same terms as if the injury or death were sustained in the regular course of employment.
- (i) Participating Canadian and United States departments and agencies shall have the right to withdraw some or all of their personnel and/or facilities wherever they are needed for the maintenance of fire fighting at home. Notice of intent in this respect should be communicated to the requesting party.
- (j) Nothing in this arrangement shall be construed as obligating the parties to make expenditures or enter into obligations, contractual or otherwise, for the payment of money in excess of appropriations authorized by law and allocated for forest fire fighting.
- (k) Nothing in this arrangement shall be construed as affecting any existing cooperative forest fire fighting arrangements.
- (l) Except for costs set forth in paragraphs (g) and (h) no party to this arrangement or its officers or employees shall be liable to any of the other parties thereto or to their officers or employees on account of any act or omission in consequence of performance or intended performance of this arrangement.

If the foregoing proposals are acceptable to the Government of the United States of America, I have the honor to propose that this Note, and your Excellency's reply to that effect, shall constitute an arrangement between our two Governments on this matter which will enter into force on the date of your reply and shall remain in force until terminated by either Government on six month's notice in writing to the other.

Withdrawal of a Participant does not terminate this Arrangement as to the remaining Participants.
5. This Arrangement may be terminated with reasonable written notice to the other participants:

The Department of the Interior and the Department of Agriculture of the United States of America, on the one hand, and the New Zealand Participating Agencies, on the other hand (hereinafter referred to as the "Participants");

**CONSIDERING** that through an ongoing informal relationship, the Participants have had exchanges on firefighting issues since 1964;

**CONSIDERING** that in the summer of 2000, firefighters from New Zealand provided able assistance to the U.S. during its worst fire season in over 50 years, and;

**CONSIDERING** the authorities given to the United States Secretary of the Interior and Secretary of Agriculture to enter into such arrangements by the Emergency Wildfire Suppression Act as Amended, U.S. Public Law 100-428, 42 USC, Section 1856m;

**RECOGNIZING** that it is desirable and in the public interest to formalize the provision of mutual assistance in fighting fires and to share information about suppression and management of fires;

#### **The Participants Have Reached the Following Understandings:**

##### **I Purpose**

The purpose of this Arrangement is to provide a framework for one Participant to request and receive Wildfire Suppression Resources from the other Participant and to encourage cooperation on other fire management activities.

##### **II Definitions**

For the purposes of this Arrangement:

1. **"New Zealand Participating Agencies"** means the State Governments, Statutory Corporations and other corporate entities of New Zealand who have signed this Arrangement.
2. **"Receiving Participant"** means the Participant receiving Wildfire Suppression Resources.
3. **"Sending Participant"** means the Participant furnishing Wildfire Suppression Resources.
4. **"Wildfire"** means any forest, range or bush fire.
5. **"Wildfire Suppression Resources"** means personnel, supplies, equipment, and other resources required for pre-suppression and suppression activities.

##### **III**

### **Understanding**

1. A Participant should immediately consider the request of the other Participant for Wildfire Suppression Resources, and, to the fullest extent practicable, promptly approve such request.
2. The Requesting Participant should reimburse the Sending Participant in accordance with Part IV.
3. A Participant may obtain, as appropriate, the participation of its state, regional, local, private or tribal/aboriginal fire organizations in the implementation of this Arrangement, subject to its national or state laws and regulations.
4. The Receiving Participant may organize, task, and direct the Sending Participant's Wildfire Suppression Resources as necessary to meet the Receiving Participant's fire suppression objectives effectively and efficiently.
5. Activities contemplated under this Arrangement are subject to the availability of funds.
6. The Sending Participant should have the right to withdraw some or all of its Wildfire Suppression Resources as necessary at the Sending Participant's discretion. Notice of intent in this respect should be communicated to the Receiving Participant.
7. The Sending Participant should provide all the safety equipment required to meet its regulations. Should additional equipment be required by the Receiving Participant, the Receiving Participant should supply it at the Receiving Participant's expense.

### **IV**

#### **Reimbursement**

1. Except for the costs set forth in Part V of this Arrangement, the Sending Participant should be reimbursed by the Receiving Participant for the costs incurred by the Sending Participant in furnishing Wildfire Suppression Resources for, or on behalf of the Receiving Participant. The costs may include the cost of premiums to purchase death and personal injury insurance for the employees of the Sending Participant, as more fully described in the Annual Operating Plan provided for in Part VII of this Arrangement. The specific costs and procedures for reimbursement should be set forth in the Annual Operating Plan, which should be a binding contract.

### **V**

#### **Cross-Waiver of Claims and Assumption of Liability**

1. In the Annual Operating Plan, the Receiving and Sending Participants should include provisions by which each Participant and each component of that Participant intends to waive its claims against the other Participant and each component of that Participant for compensation for loss, damage, personal injury, or death occurring as a consequence of the performance of activities undertaken pursuant to the Annual Operating Plan.

### **VI**

#### **Entry of Personnel and Equipment**

## **VIII Status of Personnel**

1. Except as provided in clause 3 of this part, any service performed in furtherance of this Arrangement by an employee of a Participant should constitute service performed on behalf of that Participant.
2. Except as provided in clause 3 of this part, the performance of a service under this Arrangement by any employee, contractor, subcontractor or agent of one Participant should in no case render such person an employee, contractor, subcontractor or agent of the other Participant.

The only remedies for acts or omissions committed while fighting fires shall be that provided under the laws of the host country and those remedies shall be exclusive remedies for any claim arising out of fighting fires in a foreign country. Neither the Sending Participant or any organization associated with the firefighter shall be subject to any tort action pertaining to or arising out of fighting fires.

2. Activities under this Arrangement commence upon signature and continue until 15 May 2010. After that date, this Arrangement continues from year to year until it is terminated.
3. This Arrangement may only be modified by mutual written consent of the Participants.
4. A Participant or Participating Agency may withdraw from this Arrangement at any time, providing reasonable written notice to the other Participants. Withdrawal from this Arrangement should not affect the implementation by the withdrawing Participant or Participating Agency of any fire suppression initiated prior to the provision of notice of that Participant's or Participating Agency's withdrawal. Withdrawal of a Participant does not terminate this Arrangement as to the remaining Participants.
5. This Arrangement may be terminated with reasonable written notice to the other participants:
  - a) Upon the withdrawal from this Arrangement of both the Department of the Interior and the Department of Agriculture of the United States of America; or
  - b) Upon the withdrawal of all of the New Zealand Participating Agencies, or

7. The Sending Participant will provide all of the safety equipment required to meet its regulations. Should additional equipment be required by the Receiving Participant the equipment will be supplied at the expense of the Receiving Participant.
8. The Sending Participant and the Receiving Participant will provide for adequate liaison for the duration of the assistance. In making a request for wildfire suppression resources, the Receiving Participant will allow for the inclusion of a Team Leader, which the Sending Participant shall provide for the full duration of the period of assistance. The Team Leader supplied by the Sending Participant shall be responsible for:
  - (a) Operational liaison and coordination functions as required by the Receiving Participant;
  - (b) Health, safety, welfare and commissary needs of Sending Participant's personnel during non-operational periods of the deployment and
  - (c) Liaison and public relations coordination functions for the Sending Participant
9. Length of deployment, rest and rotation for personnel shall be identified prior to the commencement of the deployment to the Sending Participant. The Sending Participant shall adhere to rest, rotation, and length of deployment policies of the Receiving Participant (providing they do not conflict with the Sending Participant's policies and procedures in which case the Sending Participant's policies and procedures shall prevail).
10. All Sending Participant personnel shall carry with them two examples of identification (at least one of which must be photographic identification).
11. Any criminal conviction may prohibit mobilization to the Receiving Participant's country. If an individual has been convicted of minor criminal offences, the individual may, at the discretion of the Receiving Participant, be required to undergo an interview process with the Receiving Participant's immigration office to determine whether the individual may be mobilized. All costs associated with the process will be borne by the individual or the Sending Participant. The Receiving Participant retains the right to refuse entry to any individual from the Sending Participant whom the Receiving Participant deems undesirable.

Nothing in this clause derogates from any powers of the U.S. or New Zealand customs and

immigration authorities to refuse entry by any person to either country under relevant legislation.

12. Prescription drugs must remain in their original labeled container or be accompanied by a prescription.
13. Personal cargo weight for incident deployment shall be a total of 65 lbs. (29.5 kg), which includes a personal or deployment pack of 45 lbs. (20.4 kg) and a line pack of 20 lbs. (9.1 kg). Additional cargo must be identified and approved by the Sending Participant and the Receiving Participant.

**C. Equipment and Supplies**

1. Equipment provided to the Sending Participant by the Receiving Participant remains the property of the Receiving Participant.
2. Where considered necessary by the Sending Participant, specialized equipment may be accompanied by trained technicians and/or operators to ensure safe and efficient set up and operation of the equipment. All salary costs including overtime, and any other relevant allowances submitted for payment by the Sending Participant will be reimbursed by the Receiving Participant in accordance with salary schedules and/or union contracts in existence within the Sending Participant Agencies.
3. It is recommended that all equipment be registered with the respective Sending Participant's customs authority prior to mobilization.
4. The cost of equipment refurbishing to the Sending Participant's specification is reimbursable by the Receiving Participant unless the Sending Participant agrees that the Receiving Participant will perform the work.
5. All transportation costs of equipment belonging to the Sending Participant will be reimbursed by the Receiving Participant.

**D. Recall**

The recall of resources from the Receiving Participant shall be made with a minimum of 24 hours notice. Recall will be in accordance with the procedures for requesting resources.

**E. Personal Injury, Death, Damage to or Loss of Property, and Insurance Coverage**

1. (a) All employees, contractors, sub-contractors or agents of the Sending Participant sent to provide wildfire assistance to the Receiving Participant pursuant to the Plan are, for the purposes of tort liability only, considered to be employees and agents of the Receiving Participant. The only remedies for acts or omissions committed while fighting fires shall be those provided under the laws of the jurisdiction in which assistance is provided to the Receiving Participant and those remedies shall be exclusive remedies for any claim in tort arising out of fighting fires in a foreign country. Neither the Sending Participant nor any personnel sent by it to provide wildfire assistance to the Receiving Participant or any organization associated with such personnel shall be subject to any action in tort pertaining to or arising out of fighting fires.
- (b) The Receiving Participant agrees to assume any and all liability for the tortuous acts or omissions of personnel sent to provide wildfire assistance to the Receiving Participant pursuant to the Plan including liability for all loss and damage suffered by any person as a result of such acts or omissions. Without limiting the generality of the foregoing, the Receiving Participant's assumption of such liability extends to the payment of any damages or other amounts awarded, whether by a court or other person or body, to any person who has suffered or claims to have suffered loss and

damage as a result of such acts or omissions, any amount paid or payable to such claimant in settlement of the claim, and all costs incurred in relation to the claim.

- (c) In the event that the Sending Participant or any personnel sent by it to provide wildfire assistance to the Receiving Participant are the subject of any claim by any person arising out of tortuous acts or omissions committed or alleged to have been committed by them in the course of providing such assistance, the Receiving Participant will undertake at its cost the defense of such claim on behalf of the Sending Participant or its personnel, provided always that the Receiving Participant retains the right to compromise or settle any such claim on behalf of the Sending Participant or its personnel as in its sole discretion the Receiving Participant sees fit.
- 2. Subject to clause 1 of this Part, each Participant waives any claims against the other Participant and of each component of that Participant for compensation for loss, damage, personal injury, or death occurring as a consequence of the performance of activities undertaken pursuant to the Plan.
- 3.
  - (a) The U.S. Departments of Interior and Agriculture, self-insure employees of the United States Government while on official work assignments and on official travel status. Therefore, employees of the U.S. Government will not require additional insurance coverage under the Plan for activities conducted on behalf of a New Zealand Participating Agency.
  - (b) Prior to personnel of any New Zealand Participating Agency being deployed to the United States, New Zealand Participating Agencies will ensure that appropriate personal injury and death insurance coverage is in place for each of their personnel deployed in response to United States wildfire suppression resources requests. Additional personal injury and death insurance costs necessarily incurred by New Zealand Participating Agencies by reason of their deployment will be reimbursed by the United States.

#### **F. Billing and payment**

Billing procedures for emergency fire suppression assignments are as follows:

- 1. The billing and payment requests should be submitted directly to the designated official of the Receiving Participant as identified in IV.A.3.
- 2. Invoices for goods and services will be paid in the Receiving Participant's currency.
- 3. All interest charges will be forgiven for over-due accounts on Government-to-Government invoices provided payment is made within 6 months of the last date of the billing document being received by the Receiving Participant.
- 4. Billing will include the following:
  - (a) Cover letter with reference to specific resource request information;
  - (b) An original itemized invoice.
- 5. The Sending Participant will include backup documentation summarizing listing of salary, supplies, travel, and equipment with dates, hours, and crew, equipment, or aircraft type. This will not be required for flat rate billing as provided in IV.B.1(b)(2), except for all travel, supplies and equipment expenses incurred by the Sending Participant.

#### **G. Situation Reporting**

The NICC Manager and the FFMG Chairman or his delegate will exchange daily situation reports throughout the period of the deployment of New Zealand or U.S. Participating Agency personnel. The report should include information on activities undertaken by deployed personnel, fire situations, problems encountered, and achievements. Monitoring and evaluating the changing conditions associated with the emergency will be the responsibility of the

Receiving Participant.

**H. Review, Amendment and Termination**

1. The Plan shall be reviewed annually on or before 15 May by the Participating Agencies and updated and renewed as may be agreed between the Participating Agencies.
2. Any Participating Agency may terminate its participation in the Plan upon the expiration of reasonable notice in writing given to each other Participating Agency, such notice to be not less than three months.

**I. Governing Law and Jurisdiction**

1. Subject to clause 2 of this part, the Plan shall be governed by the laws of the United States of America.
2. Where wildfire suppression assistance is provided to a Receiving Participant pursuant to the Plan, all matters concerning the interpretation or enforcement of the Plan, and all questions, disputes or claims of whatever nature, arising out of or in relation to the provision of such assistance will be governed by the laws of the jurisdiction in which the Receiving Participant receives such assistance. Each Participant submits to the non-exclusive jurisdiction of courts exercising jurisdiction in that place and waives any right it might have to claim that those courts are an inconvenient forum.

**J. Counterparts**

The Plan may consist of a number of counterparts each of which when executed shall be an original and all counterparts together shall constitute one and the same instrument.

### **WILDFIRE PROTECTION AGREEMENT BETWEEN THE DEPARTMENT OF AGRICULTURE AND THE DEPARTMENT OF THE INTERIOR OF THE UNITED STATES OF AMERICA AND THE SECRETARIAT OF ENVIRONMENT, NATURAL RESOURCES, AND FISHERIES OF THE UNITED MEXICAN STATES FOR THE COMMON BORDER**

The Department of Agriculture and the Department of the Interior of the United States of America, on the one hand, and the Secretariat of Environment, Natural Resources, and Fisheries of the United Mexican States, on the other hand (hereinafter referred to as the Parties);

**CONSIDERING** that many of the land areas along the approximately 3,200 kilometer (2,000 miles) United States - Mexico border are located such that wildfires in one country may become a threat to the resources of the other country; and

**RECOGNIZING** that it is desirable and in the public interest to provide for coordinated action between both countries to facilitate effective use of wildfire protection resources to suppress wildfires on both sides of the border;

**HEREBY AGREE AS FOLLOWS:**

#### **ARTICLE I Purpose**

The purpose of this Agreement is to enable wildfire protection resources originating in the territory of one country to cross the United States-Mexico border in order to suppress wildfires on the other side of the border within the zone of mutual assistance in appropriate circumstances.

The purpose of this Agreement is further to give authority for Parties to cooperate on other fire management activities outside the zone of mutual assistance.

#### **ARTICLE II Definitions**

For the purpose of this Agreement:

1. "Wildfire" means a fire that occurs in a "wildland" area, such as a range or forest, in which development is essentially non-existent except for roads, railroads, power lines, and similar transportation facilities, and structures, which if these exist, are widely scattered and are used primarily for recreation or agricultural purposes.
2. "Wildfire protection resources" means personnel, supplies, equipment, aircraft, vehicles, vessels, radios and specialized machinery or other resources, whether owned or contracted, that are intended for wildfire suppression or the transport of wildfire suppression equipment or personnel.
3. "Zone of mutual assistance" means the area of up to 16 kilometers (10 miles) on each side of the United States-

Mexico border.

4. “Receiving Party” means the Party receiving wildfire protection resources.

5. “Sending Party” means the party furnishing wildfire protection resources.

### **ARTICLE III Obligations**

1. Each Party shall immediately consider the request of the other Party, whether a Receiving Party or a Sending Party, for cross-border movement of wildfire protection resources within the zone of mutual assistance, and, to the fullest extent practicable, promptly approve such request.

2. The Parties shall ensure that annual operating plans are generated in accordance with Article VII.

3. Each Party may obtain, as appropriate, the participation of its state, regional, local, private or tribal fire organizations in the implementation of this Agreement, subject to its national laws and regulations.

### **ARTICLE IV Reimbursement**

Each Party shall assume all of its costs and expenses of furnishing wildland fire protection resources, including costs for lost or damaged wildfire protection resources, according to the performance of this Agreement, unless otherwise agreed by the Parties.

### **ARTICLE V Cross-Waiver of Claims**

1. Each Party hereby waives its claims against the other Party for compensation for loss, damage, personal injury, or death occurring as a consequence of the performance of this Agreement.

2. Each Party shall, by contract or otherwise, extend the cross-waiver of liability set forth in paragraph 1 above to any contractors or subcontractors or agents or any state, regional, local, private or tribal fire organizations it may designate or assign to perform activities under this Agreement.

3. The cross-waiver of liability set forth in paragraph 1 above shall not apply to:

- (a) Claims between a Party and its agencies, employees, contractors, subcontractors or agents;
- (b) Claims arising from willful misconduct; and
- (c) Claims arising from criminal conduct.

### **ARTICLE VI Entry of Personnel and Equipment**

The Parties are committed to work together, with the involved agencies of their respective governments, to process appropriate legal documentation, within the applicable laws and regulations of both countries, and to otherwise facilitate entry to and exit from its territory of all personnel engaged in wildfire protection pursuant to this Agreement. Also, each Party shall undertake all reasonable steps and use its best efforts, within applicable laws and regulations of both countries, to facilitate the admission of all supplies, equipment, aircraft, vehicles, specialized machinery, or other equipment whether owned or contracted, that are used or intended for use in wildfire suppression or transport of wildfire suppression equipment or personnel pursuant to this Agreement without entry fees and without payment of any duties or taxes imposed by reason of importation.

**ARTICLE VII**  
**Annual Operating Plans**

1. Annual Operating Plans shall be concluded and executed between the Parties.
2. Each Annual Operating Plan shall:
  - (a) Identify designated points of contact responsible for fire suppression within the applicable subregion within the zone of mutual assistance;
  - (b) Set forth specific criteria for approving requests for wildfire protection resources;
  - (c) Develop plans for mobilization of wildfire protection resources on each side of the United States-Mexico border;
  - (d) Establish procedures for efficient and timely communication of relevant information between designated points of contact;
  - (e) Provide for complete and timely reporting and recordkeeping of all wildfire suppression incidents occurring in the subregion within the zone of mutual assistance;
  - (f) Identify the necessary procedures and legal documentation, which are to be completed, with agencies of the governments, for the expeditious cross-border movement of wildfire protection resources;
  - (g) Specify the conditions and procedures for the reimbursement, as deemed appropriate, of the Sending Party for the furnishing of wildfire protection resources; and
  - (h) Include terms consistent with Article V, a cross-waiver for compensation for loss, damage, personal injury, or death occurring in consequence of the performance of this Agreement.
3. The Parties may recommend the development of operating plans for other fire management activities outside the zone of mutual assistance, subject to the approval of their respective governments.
4. The Parties shall maintain on file copies of all Annual Operating Plans.

**ARTICLE VIII**  
**Status of Personnel**

1. Any service performed in furtherance of this Agreement by an employee of a Party shall constitute service performed on behalf of that Party.
2. The performance of a service under this Agreement by any employee, contractor, subcontractor or agent of one Party shall in no case render such person an employee, contractor, subcontractor or agent of the other Party.

**ARTICLE IX**  
**Legal Considerations and Relationship to other Agreements**

1. Activities under this Agreement shall be subject to the applicable laws, regulations, and policies of each Party and subject to the availability of funds.
2. This Agreement is without prejudice to rights and obligations of the Parties under existing bilateral and multilateral agreements.

**ARTICLE X**  
**Dispute Settlement**

Any differences that arise in the interpretation or application of the provisions of this Agreement or any Annual Operating Plan negotiated pursuant hereto, shall be resolved by the Parties by means of negotiations and consultations.

**ARTICLE XI**  
**Final Provisions**

1. This Agreement shall enter into force upon signature by the Parties and shall remain in force for five years.
2. This Agreement may only be amended or extended by mutual, written agreement of the Parties, and such agreement shall specify the date upon which such amendments shall take effect.
3. This Agreement may be terminated at any time by either Party upon six months written notice to the other Party.
4. The termination of this Agreement shall not affect the implementation of any fire suppression effort being carried out under this Agreement at the time when it was in force.

## **42 INTERAGENCY AGREEMENTS**

### **42.1**

#### **MEMORANDUM OF UNDERSTANDING BETWEEN THE DEPARTMENT OF DEFENSE AND THE DEPARTMENT OF AGRICULTURE AND THE INTERIOR**

##### **I. PURPOSE**

This Memorandum of Understanding establishes general guidelines concerning the furnishing of assistance by Department of Defense (DOD) components at the request of Boise Interagency Fire Center (BIFC) 1/ in forest and grassland fire emergencies occurring within the continental United States (48 contiguous states).

##### **II. RESPONSIBILITIES**

- A. This Memorandum of Understanding does not supersede or modify the existing mutual aid agreement procedures between individual military installations and States. The Forest Service (FS), Department of Agriculture, has statutory responsibility for protection of the National Forests from damage by wildfire and for cooperation with the States in the protection of forest and watershed lands from fire. FS at BIFC will provide national coordination and logistical support for interregional fire control action.
- B. Agencies of the Department of the Interior [Bureau of Land Management (BLM), National Park Service (NPS), Bureau of Indian Affairs (BIA), and U.S. Fish and Wildlife Service (FWS)] have statutory responsibility for the protection of land under their respective administration from damage by wildfire. The Bureau of Land Management (BLM) at BIFC provides logistical support to the initial attack capabilities of its Districts including coordination of fire control efforts in the twelve; Alaska, Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Wyoming, Washington; Western States. BLM at BIFC also provides logistical support in fire control to the National Park Service, Bureau of Indian Affairs, and U.S. Fish and Wildlife Service.
- C. When military assistance is furnished to BIFC in fire emergencies, such assistance will be deemed to have been furnished pursuant to section 601 of the Economy Act of 1932, as amended (31 U.S.C. 686).
- D. The BIFC is responsible for providing national coordination and logistical support for Federal interagency fire control actions.

1/ A Federal interagency fire coordination center under control of the Departments of Agriculture and the Interior.

- 1. BIFC is staffed by Federal interagency personnel whose facilities are collectively combined to carry out their parent Department's fire responsibilities and who collaborate and cooperate in the solution of fire problems of mutual concern.
- 2. BIFC will act as liaison between Federal and, when requested, State agencies as regards their requirements for military assistance in suppressing forest or grassland fires.
- 3. BIFC shall establish and maintain contact with each CONUS Army headquarters to develop local procedures and to maintain information on military capabilities for emergency assistance.

- E. As outlined in DOD Directive 3025.1, the Secretary of the Army has been designated DOD Executive Agent for military support in disasters within the 50 States, the District of Columbia, Commonwealth of Puerto Rico, U.S. possessions and territories, or any political subdivision thereof. The Secretary enters into this Memorandum of Understanding on behalf of the Department of the Army, Navy, Air Force, and DOD agencies, referred to hereafter as DOD Components, which may be requested to provide disaster assistance to Federal agencies and States through the BIFC.
- F. The Federal Disaster Assistance Administration (FDAA), Department of Housing and Urban Development, is responsible for coordination all Federal disaster assistance provided under the authority of the Disaster Relief Act of 1974 (PL 93-288) and Executive Order 11795, 11 July 1974, (hereinafter referred to as the Act).

### III. POLICY

It is the policy of the DOD to provide emergency assistance to Federal agencies in the form of personnel, equipment, supplies, or fire protection services in cases where a forest or grassland fire emergency is beyond the capabilities of the resources available. There are two situations in which the DOD, consistent with Defense priorities, will provide such assistance:

- A. At the Request of the BIFC - When, in the determination of the BIFC, military assistance is required and justified in order to suppress wildfire. This includes requests for assistance for fires on Federal property as well as fires on State or private lands. Requests will include a statement to the effect that all available or suitable civilian resources have been committed and that requested support is not in competition with private enterprise.
- B. Pursuant to the Act - When a forest or grassland fire on State or private land is declared a major disaster or a determination for emergency assistance is made by the President and the required military support is requested by the Federal Coordinating Officer (FCO) or FDAA Regional Director. The Act is not normally invoked for incidents or related incidents occurring on Federal property.

### IV. OPERATIONAL PROCEDURES AND FUNDING

- A. The procedures set forth below will be followed when assistance is rendered under circumstances other than the Act.
  - 1. All requests for forest or grassland fire assistance from Federal and State agencies should be submitted through the BIFC. BIFC will then submit the requests to the commander of the appropriate CONUS Army. However, when a fire emergency is so serious that adherence to normal request channels would significantly endanger life or result in great loss of property, Federal or State agencies may make requests for assistance directly to the commander of the nearest military installation. As soon as the situation permits, the BIFC will be notified and normal procedures established by the requesting agency.
  - 2. Upon receipt of a request for assistance from the BIFC the CONUS Army Commander will provide the required support from either Army assets or from other DOD component assets, as required. Normal DOD disaster relief procedures will be followed and every effort will be made to expedite the provision of the requested support.
  - 3. The Departments of Agriculture (FS) and the Interior (BLM, NPS, BIA, and FWS) will promptly reimburse the DOD for all costs incurred in furnishing the requested assistance as are in addition to the normal operating expenses of the personnel, equipment and resources involved without requirements of audit (see 31 U.S.C. 686 (a)0. Such costs will include additional personal services of military and civilian employees, travel and per diem expenses for military and civilian personnel, and other expenses to include transportation of supplies, materials, and equipment furnished and not returned or damaged beyond economical repair; and costs of repairing or reconditioning non-consumable items returned.
  - 4. Each request submitted by BIFC will carry an appropriate identifying number (Fire Order

Number), which will be utilized by the CONUS Army furnishing the assistance to maintain an accurate record of all expenses incurred in fulfilling that request. Billings attributable to each fire order will be submitted on Standard Form 1080, Voucher for Transfer Between Appropriation and/or Funds.

5. Billings by DOD components for the cost of assistance furnished will be forwarded by the CONUS Army to BIFC for distribution to the agency responsible for reimbursement. Primary responsibility for reimbursement rests with the Departments of Agriculture and the Interior. Payments, however, will be made directly to the appropriate CONUS Army, with a copy of the payment voucher or other suitable document being furnished to BIFC to indicate that payment has been made.
  6. Charges for personal services, materials, and/or equipment furnished will be governed by applicable DOD directives and implementing regulations.
  7. Charges will be made for costs incurred in withdrawing materials and equipment from and returning them to, depot stock. Damages to equipment will be charged on the basis of costs of repairing or reconditioning the equipment and placing it in as good a condition as when loaned. The DOD components concerned will furnish all needed repair material and perform all necessary repair and maintenance work. Charges for equipment destroyed will be on the basis of current replacement costs for an item in a condition similar to that immediately prior to destruction (30 Comptroller General 295 and Comptroller General B146588, 8/29/61).
  8. In the event that the actual costs of furnishing requested assistance significantly differ from the standard costs or rates of charge specified in appropriate directives described in IV.A.6., above, it is mutually agreed that appropriate adjustments of charges will be made on the basis of actual costs. It is further agreed that where the extent of assistance provided requires an increase in the overall operation costs of the military agency involved, reimbursement will also cover these relevant increases in costs. Due consideration shall be given to the unusual costs involved in the expeditious transport of personnel, supplies, and equipment necessitated by emergency conditions (e.g., airlift, airdrop, ship-to-shore, float-in operations, etc.) and claims for the costs of such emergency operations shall be deemed valid and to constitute proper claims for reimbursement.
  9. All charges for services or materials as specified above will be accumulated against appropriate reimbursable orders and cross-referenced to each Fire Order issued by BIFC. In the interest of convenience and economy, if the total accumulated charges for any single incident covered by one or more Fire Orders does not exceed \$100, billing by the respective DOD components concerned will be waived.
- B. The procedures set forth below will be followed when assistance is rendered pursuant to Public Law 93-288.
1. When requesting assistance in connection with fire emergencies for support to State or private lands which have been declared "major disasters" or emergencies, the State Officials will submit their requests to the FDAA Regional Director/Federal Coordination Officer.
  2. The FDAA Regional Director/Federal Coordination Officer should request military assistance from the appropriate CONUS Army commander in accordance with existing procedures.
  3. Military assistance will be provided in accordance with the policies and procedures established in DOD Directive 3025.1 and other appropriate directives.
  4. Reimbursement to DOD for personnel, supplies, and services furnished will be made by FDAA pursuant to the provisions of Public Law 93-288 and the Code of Federal Regulations, Title 24, Chapter 13, Part 2205. This memorandum rescinds June 1971 Memorandum of Understanding between the Department of Defense and the Department of Agriculture.

V. SUPPLEMENTAL AGREEMENT

Subordinate components of the DOD are authorized to enter into supplemental agreements with BIFC to implement provisions of this agreement. All such agreements will be documented on DD Forms 1144; and where such agreements involve recurring support, the participating DOD components will process such forms to the retail inter-service support data bank in accordance with the applicable provisions of DOD Directive 4000.19-M.

VI. RESOLUTION OF DISAGREEMENTS

When disputes or unique situations produce stalemates, DOD components and the BIFC will promptly submit jointly-signed statements of disagreement to the DOD Executive Agent for resolution.

VII. EFFECTIVE DATE

This memorandum is effective as of the date it is signed below and shall remain in effect until specifically rescinded; however, the provisions hereof relative to operational procedures and funding and financial procedures shall be reviewed biennially by designated representatives of the respective signatories to determine whether the agreements contained herein should be continued, modified, or terminated.

**MEMORANDUM OF UNDERSTANDING BETWEEN  
DEPARTMENT OF THE ARMY/DOD EXECUTIVE AGENT  
AND  
BOISE INTERAGENCY FIRE CENTER**

**I. PURPOSE**

This Memorandum of Understanding (MOU) established guidelines to be employed for the utilization of Department of Defense (DOD) helicopter assets and crew selection in support of the Boise Interagency Fire Center (BIFC) in its role of providing national coordination and logistical support for Federal interagency fire control actions. It is an interim document to be utilized until the procedures established are incorporated as appendices to revisions of the existing MOU between signatories.

**II. RESPONSIBILITIES**

- A. The relationship of DOD and BIFC during fire emergencies is described in an MOU between DOD and the Department of Agriculture (DOA) and the Department of the Interior (DOI), Appendix B to AR 500-60. The Secretary of the Army, in his role as the DOD Executive Agent, will provide emergency assistance through Commander in Chief, Forces Command (CINCFOR); Commander in Chief, Atlantic Command (USCINCLANT); and Commander in Chief, Pacific Command (USCINCPAC); as the Operating Agents, to suppress wildfire within their respective Areas of Operation.
- B. This memorandum is a product of joint operational experience by FORSCOM aviation assets working with the DOA Forest Service (USFS) National Aviation Office and the DOI Office of Aircraft Services (OAS) on 1988 and 1989 forest fires and is to be used as a guide in the request, provision, and utilization of DOD helicopter assets.

**III. OPERATIONAL PROCEDURES**

- A. BIFC will submit all requests for helicopter support to the proper CONUS Army commander IAW existing operational procedures. For the purpose of this MOU the terms Interagency, Agency, BIFC, DOA, USFS, and DOI are analogous.
  - 1. Mission type requests will be utilized by BIFC to solicit military helicopter support. Specific mission requirements (number of passengers, cargo volume and weight, number of sorties, distances, operating altitudes, and the anticipated number of operational helicopters desired) are requested.
  - 2. Upon receipt and analysis of the aviation task/mission, CINCFOR will task organize the aviation support package to meet the Interagency requirement contingent upon availability of resources.
  - 3. Military pilots assigned to the aviation support task force will have a minimum of 500 hours of Pilot (P) time logged on appropriate Service's Individual Flight Records Certificates to be designated as a Pilot-In-Command (PIC) for interagency support missions. Crew selection for aviation support to the DOD task force will be at the discretion of the aviation task force command or Defense Coordinating Officer (DCO).
- B. Interagency Special Use Aviation Missions. Flight crews assigned to perform a Special Use Mission will meet military/Service standards for that specific mission. A flight crew member who has experience in a mountainous, high density, fire flying environment is desirable on Special Use Missions. The following are defined as Interagency Special Use Missions:
  - 1. High altitude/mountain flying operations.

2. Pinnacle and ridge line operations.
  3. External sling load operations.
  4. External water bucket operations.
  5. Low level reconnaissance/observation/spotting.
- C. Military/Service standards for transportation of passengers, carrying of internal cargo, and transportation of external cargo (sling load) operations will be accepted as meeting mission requirements for interagency use.
1. Military units that have water bucket training as a Special Mission Task for their pilots and who have pilots trained, qualified, and current for water bucket operations at the altitudes/environment of the fires are sanctioned as meeting mission requirements for Interagency support.
  2. Should the DOD Aviation Task Force commander require additional water bucket capability; those military assets that do not have water bucket training as an existing Special Mission Task may have their Instructor Pilot (IP) trained by an Interagency Instructor Pilot. After certification, current IPs will train and qualify military pilots to Interagency standards for water bucket operations. Specialized aircraft and crews will not be required to obtain water bucket qualification.
- D. The aviation task force/unit commander or his designated representative will review all aspects of assigned missions/tasks to include crew selection, safety considerations, landing zone selection, etc. Based upon this review, the specific mission will be accepted, delayed or declined as appropriate. Safety will not be compromised.
- E. An Interagency Helicopter Manager will be available to each cargo helicopter flight crew and will be physically present in the aircraft, as required, to provide liaison between the agency and the military operator.

#### IV. SAFETY

- A. Units participating in aviation missions will ensure that operations are conducted in a safe manner in accordance with common sense, interagency guidance, unit SOPs, and the appropriate Service Aircrew Training Manual. Aviation support of fire fighting operations is not to be considered an emergency or combat related scenario; it is an operational, peacetime requirement. Flight safety standards will be emphasized to all crew members and will not be compromised.
- B. In the event of an incident or accident, the agency will assist the military in securing the site. The appropriate Service will conduct the formal accident investigation. Appropriate agencies will provide expertise to assist and provide liaison to the military investigation team as required.

#### V. INDEMNIFICATION

DOD support to BIFC is Federal support between governmental agencies. Agencies of the Federal Government are self insured. Insurance issues applicable to Interagency civilian aviation crews do not apply to the military. The aviation task force commander certifies that all DOD aviation crew members are properly trained, qualified, and current in the mission tasks being performed by the DOD.

#### VI. RESOLUTION OF DISAGREEMENTS

### I. INTRODUCTION.

Fire management in the nation's wildlands is an on-going concern to the American public and to the land management bureaus of the Department of the Interior and the Department of Agriculture, Forest Service, hereafter "agencies." Considerable progress has been made in fire management planning, fire use, and fire suppression by all agencies and continued progress can be achieved by concerted cooperation and coordination among the agencies. Because fire recognizes no boundaries, programs must lead to more productive cooperation and efficient operations among these agencies.

### II. AUTHORITY.

- A. Protection Act of 1922 (16 U.S.C. § 594).
- B. Reciprocal Fire Protection Act of May 27, 1955 (69 Stat. 66; 42 U.S.C. § 1856a).
- C. Economy Act of June 30, 1932 (47 Stat. 417; 31 U.S.C. § 1535), as amended.
- D. Federal Land Policy and Management Act of 1976 (43 U.S.C. § 1702).
- E. National Park Service Organic Act of August 1916 (16 U.S.C. § 1).
- F. National Wildlife Refuge Administrations Act of June 27, 1998 (16 U.S.C. § 668dd).
- G. Disaster Relief Act of 1974 (42 U.S.C. § 1521).
- H. National Indian Forest Resources Management Act of 1990 (25 U.S.C. § 3101).
- I. Cooperative Forestry Assistance Act of 1978 (P.L. 95-313, 92 Stat, 365 as amended; 16 U.S.C. § 2101 (note), 2101-2103, 2103a, 2103b, 2104-2105).

### III. OBJECTIVE.

- A. To provide a basis for cooperation among the agencies on all aspects of wildland fire management

and as authorized in non-fire emergencies.

- B. To facilitate the exchange of personnel, equipment (including aircraft), supplies, services, and funds among the agencies.

#### IV. PROGRAM COVERAGE.

The agencies agree to cooperate in the full spectrum of wildland fire management activities, and in non-fire emergencies as authorized, to achieve land management goals. Cooperative efforts shall be provided for at the national, geographical, and local levels to facilitate efficient use of personnel, supplies, equipment, training, public education, aviation services, and other resources. Activities may include, but are not limited to:

- A. Prevention of human-caused wildland fires;
- B. Training of personnel to agreed common standards;
- C. Preparedness for wildland fire suppression;
- D. Suppression of wildland fires;
- E. Emergency stabilization and rehabilitation of areas burned by wildland fires, and may include Burned Area Emergency Rehabilitation (BAER) work;
- F. Development and exchange of technology and databases;
- G. Development and distribution of cost information;
- H. Fuels management, including prescribed fires;
- I. Identification and establishment of interagency fire management resources;
- J. Development of annual local, geographical, and national operating plans;
- K. Fire research, administrative/management studies, and technology development;
- L. Interagency Joint Fire Science/Research and Management projects; and
- M. Rural fire assistance.

#### V. STATEMENT OF WORK.

- A. Agencies will develop mutually beneficial fire management plans, including activities previously identified in Section IV.
- B. Agencies will develop cooperative arrangements to cover administrative and jurisdictional responsibilities that will provide for:
  - 1. Use of closest-forces and total mobility concepts for wildland fire suppression, including personnel, equipment, and supplies;
  - 2. Development and use of fire equipment and supply caches compatible with total interagency requirements by local, geographical, and national needs;
  - 3. Training to mutually agreeable common standards and curricula;
  - 4. Mutually acceptable performance qualifications and standards for all fire management positions;

5. Mutual assistance for managing wildland fires that are managed for resource benefits; and
  6. Mutual assistance for conducting hazardous fuels reduction, wildland urban interface treatments, and ecosystem restoration and maintenance using prescribed fire.
- C. Agency representative shall coordinate and exchange fire management plans, to include information on available personnel, equipment, and supplies as necessary.
  - D. Agencies will mutually monitor fire suppression equipment and supplies to assure that proper distribution and quantities are on hand to meet the potential needs.
  - E. Unless otherwise provided for, an agency is expected to take prompt initial action, with or without request, on wildland fires within zones of mutual interest. Where one agency takes initial action in the protective unit of the other, the initial acting agency shall continue to fight the fire until relieved by an officer of the designated management agency.
  - F. When wildland fires burn on, or threaten, lands of more than one agency, joint planning will be conducted by local officials of the representative agencies to suppress the wildland fire.

#### VI. BILLING/PAYMENT PROCEDURES.

- A. Billing procedures for fire management activities are as follows:
  1. Emergency Fire Suppression – Agencies shall not bill for services rendered to the signatory agencies of this Agreement, except by mutual agreement when an agency has exhausted all other provisions and resources for internally funding suppression activities.
  2. Severity – Agencies shall not bill for services rendered pursuant to a Severity Request for wildland fire resources made by signatory agencies to this Agreement. “Severity Request” is defined as authority to access suppression funds on a case-by-case basis, in addition to preparedness funds, to mitigate losses when abnormal fire conditions occur.
  3. Fire Management Projects – Agencies may choose to bill one another by mutual agreement once they have exhausted all other provisions for internally funding mutual assists, as provided in A.7, below. (See activities listed in Section IV, Program Coverage).
  4. Fire Preparedness – Agencies may choose to bill one another by mutual agreement for fire program management and readiness activities paid with wildland fire preparedness funds.
  5. Mobilization of State Fire Suppression Resources – The Forest Service will pay costs for Interstate assistance incurred by the State providing resources. Intrastate assistance will be paid by the receiving Forest Service/Interior agency as provided by local Federal agency/State Agreements.
  6. Emergency Stabilization and Rehabilitation – Agencies shall not bill for fire rehabilitation planning services rendered by the signatory agencies of this Agreement. Agencies may choose to bill one another by mutual agreement for fire rehabilitation implementation.
  7. The Interior agencies have agreed to not reimburse one another for services rendered to one another under the budget Activity codes for “Hazard Fuels Reduction Operations” and “Wildland Urban Interface” except as follows below in paragraphs a. and b.
    - a. Each Interior agency will retain reserve funds for these activities at the national, state or regional levels that will be used to establish interagency assist accounts. Local field units can charge these assist accounts when they render assistance to neighboring agencies. If an agency exhausts its reserve funds for interagency assistance, projected deficiencies will be covered through interagency funding transfers, following normal departmental protocols.

- b. The Interior agencies agree to use their assist accounts to provide project assistance to the Forest Service. The Forest Service agrees to establish comparable reserve funds at the regional or National Forest level that can be used to assist Interior agencies with Hazard Fuels Reduction and Wildland Urban Interface projects. Interior agencies and the Forest Service may seek reimbursement from each other once reserve funds have been exhausted and there is no opportunity to use reciprocal services to achieve performance targets.
- B. Billing and collection procedures will follow the Intra-governmental Payment and Collection (IPAC) system process.
- C. Each agency shall, upon request, forward specific costs information for billings.
- D. Indirect administrative surcharges will not be assessed by any signatory agency for preparedness activities performed for another agency.
- E. Indirect administrative fees of signatory agencies for Fire Research and Development and Joint Fire Science Program administrative activities cannot exceed 15 percent for an agency's internal activities and 10 percent for pass-through activities. Fees in excess of these limits must be justified and have mutual agreement by the affected parties that are signatory to this Agreement.

## VII. GENERAL PROVISIONS.

- A. Each agency shall make direct settlement from its own funds for all liabilities it incurs under this Agreement.
- B. Parties to this Agreement are not obligated to make expenditures of funds under terms of this Agreement unless such funds are appropriated for the purpose by the Congress of the United States, or are otherwise legitimately available under the annual Appropriations Acts. If some extraordinary emergency or unusual circumstance arises that could not be anticipated and that could involve expenditures in excess of available funds for the protection of life or property, the affected agency or agencies shall immediately seek supplemental appropriations or permission for reprogramming to meet their respective shares of such emergency obligations.
- C. This Agreement will take effect on the date of the last signature. The Agreement shall remain in effect until September 30, 2008. Any signatory agency may terminate its participation in this Agreement by written notice to all other signatories provided that such notice shall be given between the dates of October 1 of any year and February 1 of the following year. The termination will become effective immediately upon the date of notice. Full credit shall be allowed for each party's expense and all non-cancelable obligations properly incurred up to the effective date of termination. In such case, this Agreement will remain in force and effect with respect to the remaining signatory agencies.
- D. Amendments and modifications to this Agreement may be initialed by any signatory agency. The amendments and modifications shall not take effect until documented and signed by all signatory agencies. The Bureau of Land Management is designated as the agency responsible for all administrative oversight of amendments and modifications to this Agreement.
- E. Financial obligations, as warranted, under this Agreement, to accomplish activities under Section IV, must be approved for each agency by the responsible officers at the appropriate level operating within their authority, and funding will be obligated by task orders under this Agreement, except under IV.D, which will be accomplished through Resource Orders when required.
- F. The *Reciprocal Fire Protection Act* specifically authorized the execution of agreements between agencies of the United States, and other agencies and instrumentalities for mutual aid in fire protection and other fire management purposes. An Economy Act Determination to support reimbursement is not required in these instances. The Economy Act applies when more specific authority does not exist, as stated in the *Federal Acquisition Regulations* (FAR) § 17.500(b).

VIII. TASK ORDERS.

- A. Specific projects to be funded and performed under this Agreement shall be identified in separate task orders developed among the agencies involved in each project. Task orders will contain the following minimum information:
1. Detailed description of services to be performed or supplies to be delivered;
  2. Description of the deliverables;
  3. Time period for completion;
  4. Target cost/price;
  5. Identify responsible project officials for each agency;
  6. Payment procedures will follow the Intra-governmental Payment and Collection (IPAC) system process, which includes identification of codes, advance payments or reimbursement; and
  7. Task Orders must be signed by authorized personnel with authority to obligate and commit funds for each agency.
- B. Task Orders may be prepared in any format acceptable to the agencies involved in each project.

IX. WAIVER

Each party to this agreement does hereby expressly waive all claims against the other party for compensation for any loss, damage, personal injury or death occurring in consequence of the performance of this Agreement.

X. DURATION; SUPERSEDES PRIOR AGREEMENT

This Agreement is effective on the last date of execution and will remain in effect until September 30, 2008. This Agreement supersedes "The Interagency Agreement between the Bureau of Land Management, Bureau of Indian Affairs, National Park Service, U.S. Fish and Wildlife Service, of the United States Department of Interior, and the United States Forest Service of the Department of Agriculture" effective February 20, 1997, and all amendments and modifications thereto.

1. Background and Policy. Pursuant to the Memorandum of Agreement (Master Agreement) signed by the Secretaries of Agriculture and Interior (the Secretaries), dated February 27, 1990, and Titles 16 USC 1a-6, 43 USC 1733, 16 USC 7421(b), 25 USC Chapter 30, section 2804 and 16 USC 559d(4), 559d and 559g, it has been determined by all parties that the cross-designation of law enforcement officers will increase protection of the natural and cultural resources on public lands administered by the Secretaries, and is mutually beneficial, economical, and advantageous to the public interest. Accordingly, this Memorandum of Understanding (MOU) will service as the implementation document as directed by the Master Agreement. The Secretaries have determined that in cases where a specific need for law enforcement assistance and investigative support has been identified or where a law enforcement emergency or a violation in progress exists, it shall be mutually beneficial, economical, and advantageous to the public interest to cross designate law enforcement officials within both Departments. In such instances, the procedures set out in this MOU shall apply for the cross-designation of authority between agencies.

2. Cross-designation Defined. Cross-designation of law enforcement personnel means the vesting in a law enforcement office of one agency the full extent of law enforcement authority of another agency.

3. Scope of Law Enforcement Authority. This Memorandum of Understanding shall authorize the cross-designation of law enforcement authority of the signatory agencies. Cross-designation of law enforcement officers under this MOU may take place across the range of, but may not exceed, each agency's law enforcement responsibilities. Nothing in this MOU is intended to expand, limit or in any way restrict the law enforcement authorities or any agency. Officers so designated shall have the law enforcement authority of the agency charged with administering the lands or territory for which the designation is made and shall be subject to all applicable limitations on that authority. This authority shall last until he/she is released from the detail. Requests for cross-designation shall be consistent with the requesting agency's internal procedures and subject to the following:

4. Procedures.

A. Investigative Support and Law Enforcement Assistance

(1) Except as provided in paragraphs 2 and 3 below, requests for cross-designation for investigative support and law enforcement assistance will be made by the manager-in-charge of the requesting unit to the manager-in-charge of the responding unit; e.g., Forest Supervisor to Park Superintendent, or Area Director to Regional Forester. This authority may be delegated by the manager-in-charge.

(2) The request may be oral, and arrangements for determining reimbursement for expenses of the responding unit shall be agreed to in advance, on a case-by-case basis, by the agencies involved. An oral request will, in all cases, be followed by a written request and shall include arrangements for reimbursement of expenses under the Economy Act, 31 USC 1535.

(3) No investigation, surveillance, or covert activity will be conducted independently by one agency on the lands administered by another agency without the concurrence of the

manager-in-charge of the land in question, except when directed by a representative of the U.S. Attorney General or when authorized by statute.

(4) Each agency may support another in conducting criminal, civil and administrative investigations, as requested. The investigations may be pursuant to laws or regulations pertaining only to the requesting agency. When deemed necessary by the participating agencies, credentials may be issued to officers of other agencies which are party to this Agreement.

(5) The agencies may loan and share communications equipment, frequencies and other law enforcement equipment if such sharing is mutually determined to be necessary to effect efficient law enforcement operations and to ensure officer safety.

(6) To the extent allowed by law, the agencies may cooperate in the establishment and operation of an interagency communications center. The extent of agency participation and the operating procedures of the center will be determined and set forth in a specific agreement.

B. Law Enforcement Emergencies

Any Law Enforcement Officer/Agent of a signatory agency may respond to an emergency request for assistance from another signatory agency and shall have the law enforcement authority of the requesting agency until the incident is over or the individual is relieved of the authority, unless continued assistance is required under the Investigative Support Section of this MOU. Emergency requests may be made officer-to-officer, in person, by radio, telephone, or through incident command systems. Requests should be communicated to immediate supervisors as soon as possible. For the purpose of this MOU, the term "emergency" will mean an immediate threat to persons, property or resources.

C. Violations in Progress

In many instances, such as when signatory agencies occupy neighboring jurisdictions, law enforcement personnel may encounter violations in progress on land administered by other signatory agencies. Accordingly, pursuant to local written supplemental agreements, a unit's manager-in-charge may authorize the Officers/Agents of another agency to take initial action on violations in progress or render assistance on such incidents when such actions are in the best interest of the public and/or the government and meet the criteria for which this MOU is executed. This authorization shall be in written form and shall detail the reasons for the authorization and the names or positions of the law enforcement personnel so designated. Appropriate limitations regarding the scope of authority of the designated personnel also must be included in this authorization.

D. Applicable to all Cross-designations

(1) In all cases, it shall be requesting agency's responsibility to supervise the exercise of authority by the Officers/Agents of the responding agency. It shall also be the requesting agency's responsibility to ensure that the Officers/Agents of the responding agencies adhere to the requesting agency's authority and standards and are familiar with how that authority and standards and are familiar with how that authority is to be exercised.

(2) Reimbursements.

(a) Cross-designation of law enforcement personnel pursuant to this MOU generally shall be accomplished through reimbursable transactions under the Economy Act, 31 USC 1535. The details of all cross-designations shall be recorded in a written document maintained by the requesting agency.

(b) Where cross-designation serves as an objective of all parties to the cross-

designation, reimbursement under the Economy Act is not appropriate.

(3) Any agency that is a party to this MOU may decline to provide assistance on a case-by-case basis.

(4) This MOU shall remain in effect indefinitely.

(5) Amendments to this MOU must be in writing and shall become effective upon written approval by all parties. Any agency wishing to terminate participation in the MOU shall provide all the signatory agencies with a written letter of their intent signed by the Agency head and stating a specific date of termination.

This MOU shall not restrict the investigative activities conducted by the U.S. Fish and Wildlife Service (Service), Division of Law Enforcement (Division), within the scope of its existing legislative authority. Unlike other Department of Interior Bureaus, the jurisdiction and responsibility of the Service's Division encompasses all lands and waters of the United States and its territories. The Division utilizes covert techniques to investigate and apprehend individuals involved in violations of wildlife law. Many of these covert investigations continue for several months or years before completion. For purposes of safety and security, Service investigations, particularly covert operations, will be conducted on a need to know basis only.

### **INTERNATIONAL EMERGENCY ASSISTANCE RESPONSE PROCESS AN OPERATING PLAN FOR USDA FOREST SERVICE**

#### Introduction

A 1985 agreement between the U.S. Agency for International Development/Office of U. S. Foreign Disaster Assistance (OFDA) and USDA/Foreign Agricultural Service/International Cooperation and Development (FAS/ICD) established the Disaster Assistance Support Program (DASP) within the Forest Service's International Programs Staff. DASP provides direct support to OFDA in the areas of disaster response, technical assistance, training, preparedness planning and operational backing.

The purpose of this operating plan is to define the emergency response process whereby decisions are made and individuals and/or equipment and supplies are mobilized to assist OFDA on international disasters. It is important that roles and responsibilities are clearly understood so that the right people are informed in a timely manner, ensuring an effective, efficient response.

#### Decision Criteria

The decision to support or not support an international disaster emergency assistance request from OFDA will be made by the DASP. The following criteria will help guide the extent of the Forest Service involvement in international disaster assistance.

1. Is the emergency assignment to a potentially violent or unstable area? Is there adequate security?
2. Will the international mobilization adversely affect the Forest Service's ability to respond to a domestic emergency?
3. Will the type of disaster involve significant health and safety threats to FS personnel?
4. Will large numbers of personnel be requested for a long duration?

#### Decision Process for Fire and Aviation Management Resources

When the emergency assistance requested from DASP through OFDA is for Fire and Aviation Management resources (F&AM personnel or NIFC supplies/equipment) the procedure for approval is to contact only one of the following individuals in prioritizing order, and to provide that person with a situation report. DASP personnel will make this initial contact through the following call list.

- |    |                            |                                   |
|----|----------------------------|-----------------------------------|
| 1. | NICC Coordinator           | 208-387-5400                      |
| 2. | Alice Forbes               | 208-387-5605                      |
| 3. | International Program Desk | 202-205-1500 (staffed w/detailer) |
| 4. | John Schulte               | 505-842-3252(w) 505-362-7014(c)   |

NICC will contact others on the list or the WO Duty Officer who will notify the Director F&AM of the request, the proposed response and obtain a decision on Fire and Aviation Management involvement.

#### Deployment Procedures for Disaster Assistance Response Teams (DART)

A request for disaster response personnel typically follows the steps below:

1. DASP receives a request from OFDA for specific assistance on a DART or assessment team. The decision on the degree of FS participation is made by DASP. (Deputy Chief, State and Private Forestry decides for F&AM resources).
2. If equipment or supplies are being requested, DASP prepares and provides a situation status

report that includes a summary of personnel, equipment and/or supplies being requested to F&AM. If the requested items come through NIFC, F&AM transmits the initial request to NIFC.

3. Identification of potential DART members who will be asked to respond to an international disaster is accomplished in several ways, depending on the nature of the assignment:

A. Selection of DASP personnel to participate on the assignment.

B. From the disaster responder database roster maintained by DASP. This includes identified individuals who have been trained by DASP who have appropriate skills for the particular function requested, such as logistics, communications, aerial operations, landslide hazards, etc..

C. On a case-by-case basis, DASP may name request an individual from the Regions or NIFC based on a roster search, requirements for bilingual skills, prior international or country specific experience, or specialized skills or training. Identified teams (communications, water purification, overhead, etc.).

4. Request for personnel is normally accomplished through the Regional Forester or F&AM (for F&AM resources).

5. DASP through FS/International Programs starts the official paperwork related to deployment (FAS/ICD is the backup mechanism), including preparation of a DASP funded Travel Authorization (AD-202) for the employee's round-trip travel from home unit to the affected country, and sending cables and telegrams to foreign field offices for clearances. DASP contacts the employee concerning travel arrangements and to work out details related to deployment.

6. DASP contacts International Programs' travel staff to secure Official Passports for travelers.

7. The base salary cost of an assignment will be negotiated.

8. Authorized and verified overtime on disaster responses will be paid by OFDA through DASP. Overtime must specifically be authorized and approved by the DART Team Leader or USAID staff in the affected country and the Assistant Director for DASP. The Team Leader approves overtime on time sheets.

9. DASP and/or OFDA will maintain information on the location and status of personnel on disaster assignments and pass this information to the home units.

10. Monitoring and evaluating the disaster response and the changing conditions associated with the disaster concerning FS involvement is the responsibility of DASP.

11. A briefing in Washington, DC prior to departure will normally be scheduled. A debriefing in Washington may also be scheduled as necessary and determined by OFDA or DASP.

12. Reimbursement to the home unit of authorized employee overtime on the assignment are done by DASP through a job code upon receipt of overtime cost calculations from the home unit following the assignment.

13. Completed Travel Vouchers are submitted to DASP upon return from the assignment.

14. On rare occasions FS employees may be deployed under a Travel Authorization issued by OFDA or FS directly. In that instance, DASP will issue a non-funded Travel Authorization.

15. The decision on an employee's availability ultimately rests with employee's home unit.

**INTERNATIONAL PROGRAM**

**Request for International Assistance Operating Plan**

**Introduction**

A 1985 Agreement between the U. S. Agency for International Development (USAID) and USDA's Foreign Agricultural Service/International Cooperation and Development (FAS/ICD) established a Disaster Assistance Support Program (DASP) within the Forest Service's International Programs Staff. DASP provides direct support to USAID's Office of Foreign Disaster Assistance (OFDA) in terms of disaster prevention, preparedness, technical assistance, and emergency relief. The Bureau has provided support to OFDA through DASP as an extension of the domestic Fire and Aviation programs and within the intent of the Joint USDI Agencies and USDA Forest Service Interagency Fire Agreement, No 83-SIE-001, (WO-187).

The purpose of this operating plan is to define the request process for BLM employees to be mobilized to assist OFDA through DASP on international disasters. This operating plan is not meant to define the ordering and mobilization of resources for requests received by NICC from DASP to respond to international wildland fire disasters.

**Notification Process for International Disaster Assistance Request**

When BLM assistance for an international disaster is requested through DASP to meet an OFDA request, the procedure to implement BLM involvement will be for DASP to contact Tom Frey, International Program (IP) Coordinator for the National Office of Fire and Aviation, or Connie Lewis International Program Assistant.

1. Tom Frey, (208) 387-5167, FAX (208) 387-5914, Cell Phone (208) 863-6216
2. Connie Lewis, (208) 387-5354, FAX (208) 387-5914

**Decision Criteria**

The decision to accept the request will be made by the Director, National Office, Fire & Aviation Management with input from IP. The following questions will help guide the extent of the Bureau's involvement in international disaster assistance:

1. Will the international mobilization adversely affect the Bureau's ability to respond to a domestic emergency?
2. Will the type of natural disaster involve significant health and safety threats to Bureau personnel?

**Disaster Assistance Procedures**

A request for assistance from BLM will typically be handled in the following manner:

1. The request for Bureau assistance that includes a summary of the personnel, equipment, and/or supplies being requested will be transmitted from DASP to IP. The decision criteria will be evaluated, and if met, the individual(s), supplies/equipment will be identified, requested and mobilized by IP. With all such requests, the ultimate commitment to such an assignment rests with the individual's home unit. The information concerning the individual(s) or supplies/equipment requested will be passed on to the NIFC Budget and Finance Office for

- tracking of reimbursable expenses. A reimbursable account with DASP is renewed yearly.
2. IP will continue direct communication with DASP as the mobilization process continues.
  3. The nature of the assignment will define the selection criteria for individuals:
    - a. Personnel who have completed Disaster Assistance Response Team (DART) Training
    - b. Selection of individuals based on requested skills, requirements for bilingual skills, prior international experience, or specialized training.
  4. The mobilization process will involve IP, the individuals being mobilized, and the home unit. The home unit is responsible for issuing the travel authorization. All expenses associated with travel for this assignment are reimbursable.
  5. IP will inform the mobilized individual of the name and phone number of the DASP and OFDA contact person.
  6. DASP/OFDA will track the location and status of personnel who have been dispatched to an emergency assignment.
  7. Monitoring and evaluating the disaster response and the changing conditions associated with the disaster will be a responsibility of OFDA/DASP with feedback to IP.

UNITED STATES ARMY SPECIAL OPERATIONS COMMAND**

Subject: Interagency Airborne Operations, Rough Terrain Parachute Training, and Technical Exchange.

1. **Purpose.** This Interagency Memorandum of Agreement sets forth responsibilities of the United States Army Special Operations Command (USASOC), the United States Department of Agriculture Forest Service, and the U.S. Department of the Interior Bureau of Land Management (BLM) enabling Forest Service and BLM pilots and aircraft to conduct operations and training with USASOC personnel; and promotes the exchange of technical information and support between the Forest Service Missoula Technology Development Center (MTDC) and the USASOC. This single agreement will consolidate all previous agreements entered into between the Forest Service, BLM, and USASOC and their subordinate organizations.
2. **Reference.** This agreement is in accordance with the provisions of section 601 of Economy Act of June 30, 1932 (31 USC 1535). It includes and supersedes all existing agreements between USASOC, its subordinate units, and the Forest Service regarding combined training and technical exchange.
3. **Situation.** The Forest Service has participated with USASOC units in training exercises and also provided rough terrain parachute training through its smokejumper program. This involvement has been ad hoc and administered by individual agreements between subordinate Forest Service and USASOC organizations. The continuing increase of USASOC's need for rough terrain parachute training and also aircraft to perform a variety of tactical training tasks requires centralized prioritizing and scheduling of these activities at the headquarters level. It also provides an opportunity to exchange technical information and support in these common areas. Forest Service and BLM aerial attack operations are consistent with and compatible to USASOC operations. Technical requirements for modifying aircraft and equipping personnel for rough terrain parachute operations for these organizations are also compatible and overlap in many areas. Forest Service, BLM, and USASOC will benefit from an exchange of technical information and support in these common areas.
4. **Scope.** This memorandum outlines the points of contact, routines, formats, responsibilities, and authority for conducting operations, rough terrain parachute training, and the exchange of technical information. This agreement does not constitute a commitment by either agency to provide any support except in those instances mutually agreed to by both parties. When USASOC interacts with either Forest Service or BLM, it will be in accordance with this agreement.
5. **Understandings, Agreements, Support, and Resource Requirements for Airborne Operations.**
  - a. **General.**
    - (1) All operations will be conducted in accordance with USASOC Regulation 350-2, Airborne Operations, and the appropriate Forest Service of BLM aviation directives. When these directives are in conflict, operations will comply with the more restrictive application or as supplemented by the "User's Guide."

(2) Single points of contact for coordination and scheduling of all training activities will be USASOC AOOP-TP and the Boise Interagency Fire Center (BIFC).

(3) Forest Service and BLM retain control of all aviation assets and may withdraw them without prior notice from any and all training activities to fulfill their fire suppression commitments.

(4) USASOC accepts Forest Service and BLM aircraft as is and without modification. Forest Service and BLM are not liable for injuries occurring to USASOC personnel while using Forest Service or BLM aircraft.

(5) Reimburse Forest Service or BLM for all aircraft operating costs to include positioning/de-positioning aircraft, operations, aircraft servicing not provided by USASOC, Forest Service and BLM personnel per diem, lodging, and travel costs in support training.

(6) Reimburse Forest Service and BLM for aircraft damage directly related to training and the negligent acts of USASOC personnel. Forest Service and BLM will retain complete ownership of such damaged aircraft.
